

Good Samaritan Preschool March 2026 News

Summer Preview

We're starting to plan all the fun activities we usually do during our summer program! As always, we'll have plenty of events, crafts, outdoor adventures, and special projects to keep the kids engaged and happy. The summer activity fee will be charged in May, so please keep an eye out for more details soon.

Weather & Clothing Reminders

Spring weather can be unpredictable! Please make sure your child comes dressed appropriately for the day. Layers are best for cold mornings and warmer afternoons. Don't forget to send a jacket, hat, and closed-toe shoes.

Sunscreen Forms

Sunscreen forms are being sent home. Please fill them out so we can apply sunscreen as needed during outdoor playtime. Also please make sure your child has sun screen at school with their name on it. Thank you

National Nutrition Month

March is National Nutrition Month, a great time to talk with children about healthy foods, fruits, and vegetables, and the importance of eating well to grow strong and stay active. We encourage families to make mealtime fun and balanced!

Spring Gardening

We will be starting our gardens with our preschoolers in March. We encourage for you to plant a seed in your garden or at home in a cup with some soil and watch it grow as we get ready to celebrate Earth Day.

Daylights Saving Time

March 8th the clocks will be springing back.

Dates to remember

March 8th - Daylights saving time

March 17th -St. Patrick's Day-
Wear green

April 3rd- Easter party and egg hunt.

April 3rd Good Friday-School closes at noon

Teddy News

Hello Teddy Bear families! I hope that everyone had a wonderful month of February. It was a short month but full of big memories. The children enjoyed everything Valentines last month! Singing songs about friendships, painting and gluing hearts, and reading books about family and friends. The Teddys are excited to welcome in Spring and all the adventures spring brings. We will talk about the weather and how it will start changing from cooler days to warmer days, how it will go from dark days to lighter days, and what

to wear when the sun is sunny. Our Teddys are mastering both big and small movements. They're walking, climbing, and even starting to run, kick balls, and explore our climbing toys outside. At the same time their fine motor skills are blossoming: stacking blocks, scribbling with crayons, turning pages, and feeding themselves with a spoon. All huge milestones. In March we will also indulge in spring painting, gluing, coloring, reading stories about baby animals, and singing songs about the sun. I look forward to a wonderful month of spring flowers and new beginnings.

Ms. Gia

Flower News

Hello Flower families!
It is hard to believe it is already March! This month is all about the transition from winter to spring, focusing on growth, vibrant colors, and the wonders of the natural world.

 March News & Reminders
Theme of the Month: "Spring into Discovery"

 Important Dates

March 2: Dr. Seuss Day / Read Across America

March 17: St. Patrick's Day
(Wear Green!)

March 20: First Day of Spring

☺ What We're Learning

This month, our tiny explorers will be diving into:

Science: Observing how seeds grow and learning about the life cycle of a butterfly.

Math: Counting "lucky" gold coins and sorting springtime shapes like flowers and umbrellas.

Literacy: Focusing on the letters X, Y, and Z.

Sensory: Exploring "shaving cream clouds" and rainbow-colored rice

📖 Spring Weather Reminder

As the weather begins to shift, please ensure your child has a labeled light jacket. Also, please check your child's cubby to ensure their "spare clothes" are season-appropriate.

Thank you for your continued support. We are so proud of how much the children are learning and growing! 🌱

If you have any questions, please feel free to reach out.

Warmly,

Lakshmi Ganapathy ❤️

Rainbow News

Our Valentine's Day celebration was a lot of fun and I want to thank all the wonderful parents that brought in treats for our special party.

We certainly had a "lovely February! But, "Oh, the places we will go" in March. We will begin March by celebrating Dr. Seuss for the entire week. We will read his books and make a lot of art projects. St. Patrick's Day is also a theme for this month. We will be making friendship rainbow, pot of gold and clovers. To review the color green, we will be taste testing veggies like broccoli, green beans and cucumber. Also, have your child wear something green on Tuesday the 17th.

The rest of the month includes exciting topics such as Spring, Insects and bugs and Rainbows.

Alana is turning 3 on the 29th. We wish her a very

happy birthday!
Thank you and think Spring!!
Ms. Perla

Butterfly News

Dear Butterfly Room Families,
Happy March! For the past couple of weeks, the Butterfly Room has been helping me help the Dino Room's transition to our class as smoothly as possible. Kudos to the Butterfly Room for helping me make it happen. Right now, in class, we are working on helping each other use our words when it comes to our bodies. We want all children to come to school feeling comfortable and empowered within themselves, so please help me help them understand the importance of using our words when it comes to our bodies. In Literacy, we will be focusing on one character for the month, us! I will have the Butterfly Room think of themselves as a character and have them draw/think of their own story (I will help write of course). This project

idea was inspired from seeing students holding up a book and they would come up with a story describing the pictures they see in the book. I am curious and hoping that this will be a fun adventure for them to experience. In addition, we will continue to work on the alphabet.

In Math, I will be introducing the topic Patterns.

Patterns are a great way of showing students how things are arranged in the real world. In addition, it's a great way of allowing students to experience the effects of what happens when they make their choice.

In Science, we just finished learning about the Northern and Southern lights. It was fun hearing students debate on how to analyze what I was saying. The theme that we will be exploring this month is the ocean! They will learn about how the ocean contributes to our lives and why it's important for us to help take care

of it.

As always, I am available via Brightwheel. Please reach out if you have any questions or concerns.

Ms. Daniela

Froggie News

Dear Froggie Families,

Thank you so much for bringing goodies, food, and treats to share during our Valentine celebration. The Froggies really enjoyed everything! I also truly appreciate your time and support during our parent-teacher conferences. It means so much to partner with you as we discuss where your child is in their learning and how we can continue to support their individual growth.

We had a wonderful time learning about healthy and unhealthy foods, as well as how to take care of our bodies. As we welcome March, our upcoming themes will include spring weather (with a focus on rain and clouds), St. Patrick's Day, and planting and gardening as the seasons begin to change. The Froggies have already

noticed differences in the weather! The rain has sparked so much curiosity—they can't stop talking about it.

This month, we will be doing many fun experiments to explore clouds and rain, and to discover how spring is different from winter. There will be lots of hands-on activities as we observe, ask questions, and discover together. We are especially excited to begin planting. The children will plant their own little plants and participate in simple plant experiments. Watching their plants grow will be a meaningful way for them to learn about responsibility, patience, and the science behind how plants live and thrive.

One of the fun highlights of March will be celebrating St. Patrick's Day. Please have your child wear green to class on Tuesday the 17th for the celebration. We may even have a special leprechaun visitor! I can't wait to see their excitement and enjoy these fun moments together.

Please stay dry during this
rainy season!

Ms. Ploy
